## FIRE STATION #5 UPDATE

The LaGrange Fire Department's Fire Station #5 is expected to open in Fall 2019. The new fire station is currently under construction across from WellStar West Georgia Medical Center on Vernon Road.

The station will house an additional engine company and command unit that will cover from Vernon Road, Hunnicutt Place, Troup Street, and Roanoke Road.

LFD is proud of its ISO 2 classification that helps to maintain low insurance rates for city residents.

"We are excited to see the LaGrange Fire Department growing and keeping up with development," said LFD Chief John Brant. "We will now be able to provide a quicker response time for some of our busiest areas in the city."

Contact 811 before you dig.

## COMMERCIAL SANITATION CHANGES

The City of LaGrange accepted an offer from LaGrange Sanitation Services to purchase the city's commercial sanitation assets. Current commercial sanitation customers should have received a letter from the city. If the customer wants to have a seamless transition, they will have the opportunity to keep their current dumpsters but will need to sign a new service agreement with the new provider.

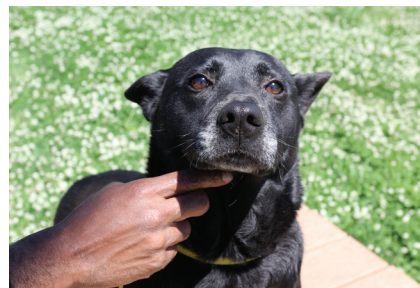

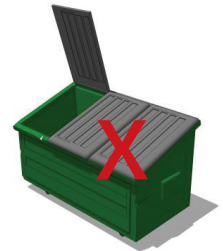

If a business uses a rolling trash bin similar to the residential trash bin, the City of LaGrange will continue to service those businesses with no disruption in service.

Effective 6/1/19, if a business utilizes a dumpster, the city will no longer service the dumpster. The new solid waste provider will reach out to existing city customers in the next few weeks.

The following city services will **NOT** be affected:

- Residential Sanitation - *any resident or business who utilizes a rolling trash bin*
- Curbside Recycling
- Yard Waste/Limbs & Leaves
- Household Waste

Citizens with questions are encouraged to call **(706) 883-2100**.
